

# INTRODUCTION TO RESET CLEARING

## Weekend of 25th & 26th April 2026, 10.00am-4.30pm

RESET CLEARING is a CUTTING-EDGE new energy-transformation modality.

Health, prosperity, freedom from stress and pain are your birthright and you will learn skills to help optimise wellbeing for yourself, friends and family!

You don't need to be spiritual, or psychic, or have a particular belief system, nor do you need to pay experts for their expensive opinions, to bring this about. Just let Reset Clearing do the work and be amazed at the results!

Your body is a high-tech, multi-level, multi-dimensional piece of equipment that has its own intelligence in each cell. It knows precisely what you have issues with, even when you don't. It knows the source of the issue, as well as the roots and the point of origin, often in your ancestry - and more!

- If you would like to clean out your history, release painful memories, emotions, faulty beliefs, deepest shock, traumas, dissociation or any amount of inherited baggage, this is for you!
- If you would like to restore lost soul-parts or thaw out frozen fragments that have become compartmentalised in your psyche, this is for you!
- If you would like to clear past relationship pain and blocks or fix a broken heart and become more open to the possibility of lasting love, this is for you!
- If you would like to identify and remove false identities that many of us are plagued with, this is for you! (Often symptoms we experience are not ours but belong to a false identity!)
- If you would like to clear patterns of failure, self-sabotage and ancestral limitations to optimise for greater creativity and success in any area imaginable, this is for you!
- If you would like to optimise your relationship with the person of your choice, this is for you!
- If you would like to clear all unfinished business between yourself and others, this is for you!
- If you would like to resolve core issues so deep you didn't even know you had them, this is for You!

You will be introduced to simple-to-use, state-of-the-art tools which can bring transformation in moments!
